NEW FOR SALES INCENTIVE PROGRAM 2010 PERSONAL ACTIVITY PROGRAM

Now everyone can participate in the Sales Incentive Program!

Regardless of any other aspect of your Amway business or your other accomplishments, you can now earn up to \$1,000 a year simply by maintaining 300PV Personal Volume for three consecutive months and every month after that.

.....And it's just that easy. Achieve three consecutive months at 300PV Personal Volume and you'll be paid your first \$100. For every continuous month after that in which you also achieve 300PV Personal Volume, you'll earn another \$100!*

That adds up to a maximum of \$1,000 a year!

What if I miss a month?

That's OK, it just means you have to start again. If you miss one month, your \$100 will not be paid until you have again achieved 300PV Personal Volume for three consecutive months, then as long as you maintain that level of Personal Volume you'll be paid \$100 a month.

How do I reach my 300 PV Personal Volume?

The two examples below are based on an average household's expected purchases on consumable items per month. To achieve 300PV, you just need to buy one of these and sell two more.
